MESSAGE FROM THE CEO

As we enter a new quarter, I would like to take a moment to reflect on the dedication, commitment, and sacrifices first responder heroes give to our community. Working tirelessly to protect our children and loved ones and dedicated to keeping our community safe, no matter the emergency and urgency, day in and day out, 24/7, 365 days, risking yourself for the sake of others.

On behalf of myself, the staff, and our members here at **NY Firefighters Bravest FCU**, we express our love and appreciation for all first responder heroes. We're forever grateful for your selfless acts of caring and tireless efforts to save lives, sacrificing time with family so others can enjoy theirs. We say... "THANK YOU!"

As these warmer spring months approach, we want you to know that we are committed to supporting you. Connect with us to discuss how we can help you accomplish your financial goals. Thank you for all that you do and for being a part of our credit union family.

SEASONAL SAVINGS TIPS

Here are a few tips to help you make some hidden savings this spring.

- Temperatures are rising. When they do, embrace the natural warmth by turning off the heat and opening the windows. Letting in the fresh air will not only improve your health but also your heating bill.
- Create a "green" environment and save money on food by planting a garden now and making your own compost. You can potentially save thousands of dollars by producing your own fresh, pesticide-free produce as opposed to buying it retail at the market.

WE'RE MOBILE, JUST LIKE YOU!

FIVE WAYS TO SPRING CLEAN YOUR FINANCES

For many Americans, this winter has been unusually cold and icy, so spring's official arrival comes not a moment too soon. Springtime is traditionally the season for clearing out clutter, but it's also a good opportunity to get a handle on your spending and saving. As you're collecting tax paperwork and year-end statements, "this is a great time to take all this together and say, 'What do I have and what direction am I going in?'" says Jeff Duncan, CEO of Duncan Financial Management in St. Louis.

Here's a look at strategies for gauging your financial well-being and taking steps to improve it.

1. Review your budget
2. Shred old financial documents
3. Automate savings and bill payments
4. Check your credit report
5. Talk to (or find) a financial advisor
